

Designation of a Gold Fossicking Area

Pursuant to section 98(1) of the Crown Minerals Act 1991, we hereby jointly designate the area of land listed in the Schedule as a gold fossicking area.

Gold fossicking activities are restricted to that part of the wet bed of Moonlight Creek within the area described in the Schedule.

A map of this area may be viewed on the New Zealand Petroleum & Minerals website at www.nzpam.govt.nz using reference 42031.

Schedule

GFA 42031 - All that area of land comprising 59.768ha approximately being Part Section 5 SO 487151 and Part Section 6 SO 487151, being part bed of Moonlight Creek, Grey District, Westland Land District, beginning at a point 1.32km upstream along the centre of Moonlight Creek from the Moonlight Road bridge, thence proceeding along a bearing 112° for 50m to a point on the true left bank of Moonlight Creek, thence in a northerly and north-westerly direction along the true left bank of Moonlight Creek for 6km approximately, to the junction of Middle Branch and Left Branch, thence crossing over Moonlight Creek along a bearing of 135° for a distance of 100m to the true right bank of Moonlight Creek, thence in an easterly and south easterly direction along the true right bank for approximately 6km, thence along a bearing of 112° for 120m to the point of commencement.

Dated at Wellington this 28th day of March 2017.

MARCOS PELENUR, Acting National Manager Minerals, Energy and Resource Markets, Ministry of Business, Innovation and Employment (pursuant to a delegation from the Minister of Energy and Resources and not rescinded at the date of signing).

MICHAEL JOHN SLATER, Deputy Director-General Operations, Department of Conservation (pursuant to a delegation from the Minister of Conservation and not rescinded at the date of signing).
